

校聞版 奇妙的運動日

四月三十日是學校一年一度的運動日。前一晚，大家都很擔心惡劣的天氣會否影響第二天的賽事。誰知，當天一早，天已放晴，陽光普照，多麼美好的天氣啊！真奇妙！大家心裡都充滿歡喜，充滿感恩！

早上大約八時，學生分批進入場地就座。首先，進行了莊嚴的升旗禮，國歌奏完後，比賽便揭開序幕了。

運動場上，運動健兒們跑的跑，擲的擲，跳的跳；看台上，歡呼的歡呼，打氣的打氣，同學們盼望自己班的代表能勝出，為班爭光。整個運動場熱鬧極了！

除此之外，親子比賽的戰況也很激烈，家長和子女同心協力，以他們最快的速度，把物品傳給對方，再由子女接力跑到終點。最後的友校接力賽也很精采，健兒們以他們的極速向前衝，大家的實力不相伯仲，要到最後衝線時才能分出勝負。歡呼聲響起了，原來第一名已衝線了。

這年的運動會，各位健兒們的速度、技巧都更上層樓，令運動會的比賽更加刺激好看。

特別的開放日

今年，學校的開放日很特別！何以見得？

第一，本年度的開放日只為幼稚園學生而設，學校招待了將近一千位K2或K3的幼稚園生。此外，還特別邀請了他們的家長一起前來參觀。當天，來自區內十多所幼稚園的學生及家長，來到學校欣賞同學們精采的表演，可愛的小朋友們還到課室裏跟同學們一起上課，做手工，體驗一下小學生豐富多姿的生活。

第二，除了那些表演生外，剩下的五、六年級同學全都擔任不同崗位的服務生，包括小接待員及小講解員。老師為他們分了很多小組，負責帶領家長及幼稚園的小朋友參觀，並介紹學校的特色。在這些小主人的殷勤服務下，來賓們都感到賓至如歸。

第三，有別於以往只安排一、二年級的同學接待幼稚園生，今年，學校特別安排他們到一、二、三年級的課室，和同學們一起上課。

大家看，幼稚園的小朋友一個個帶著燦爛的笑靨離開我們的學校，可想而知，他們一定開心極了！小朋友，明年見！

An adventure journey to old Hong Kong 6A NG SZE IN

One day, I went to a picnic with my friends Mini, Liz and Sandra in the countryside. Suddenly, I was something glowing and I discovered a magic door. We opened it and went inside. The world in the door was so strange. Inside the door was old Hong Kong in 1960! It was really amazing! At the moment, a strange voice said to us, 'This is the old Hong Kong in 1960. You may go into it for a look but you must come back before 6:00 p.m. in the evening. If you can't come back on time, the magic door will disappear so you can't come back to Hong Kong nowadays.'

Inside the door, we could see life in old Hong Kong. On the way, we travelled in a rickshaw to look around the old Hong Kong. We knew people in old Hong Kong did business in the street such as helping people to cut their trees to earn money. We also learnt that in the past, people worked in the factories to make money. They made clothes, toys and plastic flowers to sell to others. The most popular job was being a fisherman. In the past, Hong Kong is a fishing village. They made their money by fishing and they spent their lives on fishing boats. After we left the rickshaw, we walked to the market in the street. We tasted the wonton noodles.

Suddenly, I discovered we lost our way! The sky was getting dark, the moon was appearing and we should go back now! But we can't find the magic door. We had found a lot of places, but we still couldn't find it. Luckily, at the moment, a bright and white light glowed and the magic door appeared! We were very excited and happy. We could go back to the future!

We opened the magic door and went out of the door. When we were going back to the future, we heard the strange sound again. 'You're very lucky, you can come back on time.' The door sent us to the time when we discovered the door. I said to myself, 'What an amazing and meaningful journey!'

知多少少 為什麼眼睛不怕冷?

冬天，我們覺得寒風刺骨，手腳冰涼。這時候，我們穿上厚厚的棉衣棉鞋，戴上棉帽，還常常被凍得鼻青臉紅。

不過，你也許會發現，同樣暴露在體表的眼睛卻不怕冷。即使眼眉結冰睫毛上霜，它卻照樣顧盼自如，絲毫沒有一點冷的感覺。這是為什麼呢？

原來眼睛的構造比較奇妙，構成眼球的角膜、結膜、鞏膜上雖然有極豐富的觸覺和痛覺神經，卻沒有管冷的神經。更重要的是，角膜和鞏膜是缺少血管的透明組織，幾乎沒有什麼散熱作用，而且起到緩衝寒冷傳導到眼球裡的作用，加上一層眼皮保護，給眼球熱量，所以眼球儘管露在外面，也不怕冷。

小故事 大道理

小故事

一個小女孩趴在窗台上，看窗外的人正在埋葬他心愛的小狗，不禁淚流滿面，悲慟不已。她的外祖父見狀，連忙引她到另一個窗口，讓她欣賞他的玫瑰花園。

果然，小女孩的愁雲為之一掃而空，心中頓時明朗。老人托起外孫女的下巴說：「孩子，你開錯了窗戶。」

大道理

人生有許多扇窗，關鍵看你打開的是哪一扇。選擇了一扇窗，就是選擇了一種風景。我們有什麼理由不選擇打開美好的那扇窗而打開悲慘的那扇呢？注意：不要開錯了窗戶！

選擇不同的生活態度，就選擇了不同的生活。換個角度，生活會很美。
