

# 專訪北官精英

粵劇在2009年被聯合國教科文組織列為本港首項非物質文化遺產，這個喜訊確認了粵劇的文化藝術價值。本校積極在校內推廣粵劇藝術，而當中有一位外籍低小的女同學對粵劇有相當濃厚的興趣，她就是3E班馬晶晶同學。今天我們很榮幸邀請到她來接受我們的訪問。

馬晶晶同學不但在英語朗誦方面表現出色，原來她在粵劇表演上也屢獲好評，多次被邀請參與公開演出，相信很多同學都曾經在校內欣賞過馬晶晶同學在粵劇方面的精彩演出。

小記者：晶晶，作為一位外國人，為甚麼你會喜歡粵劇這項藝術？

馬晶晶：我小時候在電視上看到別人表演粵劇，我覺得很有趣。後來讀小學二年級時，我便參加了校內粵劇興趣班並獲邀加入校隊，從此我便深深地愛上了粵劇。

小記者：你在學習粵劇的過程中有沒有遇到過甚麼困難？

馬晶晶：我在家中練習的時候經常有一些中文字不會讀和不了解一些內容的意思，而我父母都不諳中文，所以我只好回校時才請教老師。而且粵劇表演要同時做到「唱、做、唸、打」，我經常都忘記，幸好背後有老師的幫助和父母的鼓勵，我才沒有放棄學習，所以才有今天小小的成就。

小記者：聽說你最近去了新光戲院表演，請問你表演了哪部戲曲？當時又有甚麼感受？

馬晶晶：我表演了《帝女花之香夭》，我演的是男角。在表演期間，我感到既開心又緊張，幸好當日演出相當順利，真期待下一次的表演呢！

小記者：在校外英語朗誦比賽方面，聽聞最近你在全港校際朗誦比賽中取得冠軍。

馬晶晶：是的。除了粵劇外，我最喜歡的就是英語朗誦，它帶給我自信心。以前我是一位很膽小的女孩，但自從我參加了英語朗誦比賽後，我就變得比之前大膽了！

小記者：多謝晶晶今天接受我們的訪問。在此，我們祝你每次表演和比賽都順順利利。

馬晶晶：多謝！

訪問完晶晶之後，令我們明白到「成功之秘訣乃是目標之有恆」。

## 一件令人難以置信的事

今天發生了一件令人難以置信的事情。

今早，我一起床，看一看牆壁上掛着的日曆，腦海裡想着：自從英文考試過後，老師還沒派發試卷，不知今天會不會派發呢？

當我回到學校的時候，心裡開始有種忐忑不安的感覺。我擔心若果真的今天派發試卷，我又取得不好的成績，媽媽一定會大失所望並大發雷霆的。因為自從一年級之後，我英文考試再也沒有取過七十分以上。

到了英文課的時候，老師果然宣佈今天要派發考試卷，我頓時緊張得手心冒汗，心跳加速，雖然我已全力以赴，努力溫習，但是我還是害怕自己會考得不理想。當我從老師手上接過試卷時，立即看看成績，噢！今次我竟然考得八十八分的佳績，簡直令我歡喜若狂。這真是一件令人難以置信的事！

經過這次事件後，我明白到只要肯努力及不放棄，凡事都有可能。

## 佳作欣賞 一件令人難以置信的事

今天，我家中發生了一件令我難以置信的事情，就是我家中的一盆盆栽竟然「死而復生」，還開出了芬芳的花朵，實在太不可思議了！

上星期，我的學校舉辦了「花苗種植計劃」，我領到的那棵花苗，簡直細小得連兩隻螞蟥都能把它抬起來。看着這棵盆栽，我有種預感：這棵植物肯定活不了。

過去一星期，我由於學業太忙，一直都疏忽了照顧這棵小花苗，直到前天，我才在一個角落裏發現它。那棵花苗病恹恹的，有兩塊葉子已變成棕黃色，剩下的更已枯萎，捲縮起來，情況慘不忍睹。我心想：這棵花苗果然活不了。我隨手把它拿起，正準備扔進垃圾箱時，一個念頭突然閃現：不如試着把它栽培起來吧！說不定它還能活呢！

於是，我找來一個盆子，把泥土裝進去，把花苗小心翼翼地放進去，再拿來一個澆花的花灑，為它澆水。它在我悉心的照料下，竟然活了下來。

今天，我一回到家，被眼前的景象嚇呆了，盆栽裏的植物茁壯的莖上竟開放了兩朵絢爛無比的花朵。淡黃色的花蕊，淡紫色的花瓣，襯托着翠綠的葉子，不時散發出迷人的香氣。我頓時瞠目結舌，這還是之前那棵枯萎了的盆栽嗎？

今天的經歷太讓我難以置信了，同時令我明白到當我們在遇到困難時不應放棄，要抱着一絲希望，積極面對及解決困難，困難可能就會迎刃而解了。

## Dolphin Alan's Adventure

Chinese White Dolphins are kind of endangered species. They are now facing some problems caused by human beings. Two of them are food shortage and damage of the seabed. As a result, they are starving because the fish have gone away and they die of hunger. Dolphin Alan is not an exception.

Yesterday, when Alan was swimming in the ocean with his parents near Hong Kong, they were hungry. He found that there was a lot of rubbish in the sea. "The rubbish must be thrown away by Hong Kong People," said Dolphin Alan. "Yes, you are right. They make our home dirty and messy," said dad. Soon, they were disappointed and found another place to live.

"Dad, what are you saying?" said Dolphin Alan, "I can't hear you!" said dad. "Why is it so noisy?" asked Dolphin Alan. Dad replied, "There are some huge land reclamation projects in progress. Let's find a quieter place." "Hurry up, Alan!" shouted dad.

They had to escape again. After a while, they thought that they had come to a safe place. Dolphin Alan swam behind his dad and he was nervous. Suddenly, there was an abandoned fishing net and Alan's dad was unfortunately trapped in it. His dad was trapped and told him to get away immediately. His dad died finally because he could not breathe.

Dolphin Alan was devastated and felt hopeless. He died after two days. The fisherman saw them floating on the sea. He felt ashamed of his behavior. He knew he had done something wrong. He promised himself not to hurt the sea animals again.

## Deep Sea Adventure

On a thrilling sunny day, there was a boy sitting on the edge of the boat, bravely waiting to dive into the sea. The boy was called Tom. Tom was a diver. He liked to study the coral reef because he thought it was extremely beautiful. He was brave and tough. He had short oily hair, black skin and wondering eyes.

"Nice coral reef, here I come!" whispered Tom. Tom dived into the clear blue water of Indian Ocean. Tom was diving in search of the clearest waters and searching for the most stunning coral reef he had ever seen.

The deeper he swam, the more and more sea creatures he came across. When he saw an enormous, fantastic school of flying fish, he started to smile and left excitedly.

Suddenly, he saw a diver, John, who got stuck by some seaweed and couldn't swim away. He was strong and fit. He also liked coral reefs. Tom took out his knife to cut the seaweed. They saw a fierce shark at their back. It swam faster and faster. Fortunately, they saw a submarine and went into it immediately before the shark could attack them. After diving, they were hungry. The submarine owner cooked a lot of seafood for them.

Finally, the submarine went up to the surface. They went back to their ship happily with samples of coral reefs.
